Ahmedabad: Netherlands is participating in the Vibrant Gujarat Summit (VGS) for the second time. Rene Van Hell, Special Envoy International Business from Ministry of Foreign Affairs, who is heading the delegation from Netherlands, said, "30 companies from Netherlands will be signing MOU's this time for a fruitful partnership." "We are looking at partnering in sectors like logistics, water, agriculture and IT. Our experience in the 2015 summit was very fruitful and we are hoping that this time we will find more opportunities to partner with India," said HE Alphonsus Stoelings, Netherlands ambassador to India. An awkward silence followed when the delegates were asked about the number of MOU's signed in 2015 and their net worth. ASSOCHAM (Netherlands) chairman, Dr Vikas Chaturvedi, said, "This year, 30-50 million Euros are expected in the kitty."
