CHANDIGARH: [Haryana](#) chief minister, [Manohar Lal Khattar](#) on Tuesday directed the [foreign cooperation department](#) to target potato processing and cold storage technology in Haryana in collaboration with Dutch investors.

A delegation from the Netherlands including [Vikas Chaturvedi](#) from Valuecent, Netherlands, Bhavana Vishwanath from Kiremko BV, . Shilpa Mittal from Women on Wings, Gowhar Shah from Ridder Netherland, Puneet Raman from PUM Netherlands, and. Rajesh Chauhan from Schouten Europe interacted with the chief minister in a meeting organised by the foreign cooperation department here .

During the meeting, the delegation was informed that Haryana is a pioneer in potato seed production. [Khattar](#) directed the foreign cooperation department to facilitate field visits for the Dutch investors to the sites that have been identified to set up potato processing units and cold storage plants in the state.

The CM further said that focus should be laid on how to increase participation of women with the help of Centre of Excellence and women entrepreneur facilitation programme to connect with the global supply chain in FPOs.

Further, Dutch investments in Haryana in areas of horticulture, agriculture and floriculture were also discussed. The CM said that it is very important to understand next-gen technology so that Haryana can implement the latest technology to enhance productivity and income of the farmers.
